| Motion re. NCC Interprovincial Crossing Study  |        |

*Whereas the NCC Interprovincial Crossing Study uses 2011 traffic data to extrapolate traffic patterns to 2050;*

*Whereas the pandemic has rendered these projections as obsolete as a result of new work-from-home traffic patterns;*

*Whereas the NCC Interprovincial Crossing Study does not adequately address the longstanding issue of truck traffic crossing Ottawa's downtown;*

*Therefore be it resolved that the FCA convey to the NCC our concerns about the relevancy of traffic data used in this study and the inadequacy of a truck traffic solution to Ottawa's downtown.*
