

An FCA-FAC Workshop on

How to Organize an All-Candidates Meeting

7 pm - 8:30 pm Wednesday March 30, 2022
Virtual Session (via Google Meet)

With two elections happening this year (*Ontario provincial election June 2; Ottawa municipal election October 24*), community associations are often expected to hold all-candidates meetings for their residents – but how to do this (and do it right)? This *free* FCA-FAC Workshop is designed to enable community associations to provide this service for their residents, in a manner that is efficient, fair and useful to their residents, and respects our COVID-19 environment.

Topics covered include:

- Why organize an all-candidates meeting for this spring's provincial election and/or this fall's municipal election?
- How to choose a venue (virtual vs in-person) and plan event logistics
- Who to invite, and when
- Format of the meeting: how to handle questions (& questioners)
- Letting your community (and others) know about your event

To register please e-mail rsvp@fca-fac.ca .

FCA-FAC membership is not required. All community association leaders are invited.
